**AVAILABLE IN FARROWING, COMBINATION FARROWING/NURSERY, CALF NURSERY, & VEAL BUILDINGS.**

Providing pigs with a completely controlled environment means they don't have to fight stress. Less stress means less disease, less mortality, less feed used and less time to marketable weight. That is the biggest reason good hogmen love our nursery buildings. They know they will be able to fully utilize their good management abilities.

Of course, you don't have the hassle and worry connected with a contracted building because all necessary equipment is furnished.

Get the nursery that will satisfy your requirements delivered, and start raising pigs more economically than you thought possible.
