Tips on Cooking

Fruits and Vegetables
 Extension specialists at Penn State University recommend cooking fruits and vegetables for the shortest time possible to retain most of their nutrients, original shape, and attractive color. Some vitamins are dissolved in water and destroyed by heat. Heat also dulls bright green color in vegetables and causes texture breakdown.

ATTENTION CATTLE FEEDERS

Do you want to make buying your stockers and feeders easy. It can be very simple. Just call and give us your order. All orders filled to your exact specifications. Call us anytime. We can be very helpful.
