## GRAIN MOVING SYSTEMS THE WOR

Components that move grain can be as important as the storage bins or drying bins you choose. Augers are the heart of your system because they do the work . . . keep you going during the busy harvest time.

Bazooka augers are long lasting and smooth running. You have a wide choice of capacities, accessories and drives. You can also expand any Bazooka system with a minimum of expense.

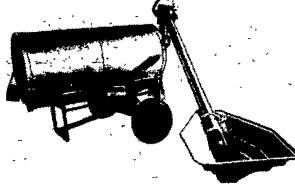

## **PORTABLE AUGERS**

Bazooka 6" & 8" transports have intake flighting that is chrome plated to double its life, a galvanized drive shaft to reduce maintenance time, and permanently lubricated chain in a precision machined reducer drive with cast iron housing.

**GRAINCLEAN'R** 

- auger which swivels beyond 180° rides on top of cleaner during

## 25°BIN UNLOADING AUGERS

A 6" horizontal powerhead is connected to an 8" auger to keep grain moving on the 25° incline as fast as it leaves the bin. 8" also available.

## **BIN SWEEPS**

Bazooka portable bin sweeps available in several different sizes. Can easily be moved from one bin to another.

Bin roof augers offer an inexpensive way to extend reach of your portable auger to fill large or tall bins
