Stauffers return to the Buck

THE BUCK - The Stauffer brothers, returning from a second successful tour of the national tractor pulling circuit (see last week's issue of Lancaster Farming, page 96) were back on the track here last Saturday to exhibit how and why their Deutz machines consistently rank with the best in the country. Tony and Tim Stauffer, driving a Deutz 9006 and a Deutz 8006, respectively, each won national championship titles in late August at a Grand National Pull in Bowling Green, Ohio. The

two represent half of the Stauffer team, with Mark and Harold assisting.

At last week's pulls at the Buck, Mark Stauffer piloted the 9006, nicknamed "Fido," to a victory in the 700 pound super stock class, while brother Harold placed third with his lighter 8006. Marlin Brubaker of Quarryville placed second with his AC D-21. The winning distance for Stauffer was 289 feet, four inches, more than 30 feet ahead of Brubaker, and 45 feet in front of Harold. The younger Stauffer won

the 5000 pound super stock class with his 8006, beating an AC 180 driven by Dale Smoker of Cochranville, and a John Deere 4010 piloted by Coleman Wheatly of Bethel, Del. Harold's winning pull measured 262-11, while Smoker's and Wheatly's efforts stretched out to 247-6 and 246-9, respectively.

Tom Middleton of Ridgely, Del. was the only double winner that evening, winning both the 9000 and 12,000 pound super stock classes. Diving an IH 1066, the veteran puller went 278-5 in the heavyweight class, beating Harry Griest of Coatesville by 28 feet. Griest was running an IH 1456.

The Marylander's second win came over Mark Stauffer's Deutz 9006 and Griest's IH 1456. Middleton beat Stauffer by 25 1/2 feet, and Griest by 34.

The top three finishers in the 5000 pound modified

class came within five feet of one another when the measurements were made for their respective pulls. Gary Mills of Fallston, Md., went the farthest, keeping his machine rolling to a distance of 242-6. Gene Spickler of Elizabethtown placed second with his twin 327 Chevys. Just a foot behind Spickler, at 237-7, was Bob Hughes of New Windsor, Md.

Results of other classes were as follows: 7000 pound modified

1. Les Houck, Kinzer, two 440 Dodges, 278-2; 2. Robert Hughes, 277-9; 3. Dick Zimmerman, Mount Joy, two 440 Dodges, 271-9.

9000 pound open

1. Galen Spickler, Elizabethtown, MF 1100 with Allison Aircraft engine, full pull, 279-4; 2. Bob Hughes, full pull, 242-9; 3. Les Houck, 218.
