 Cheviot - Barry Martin, East Earl, first; Dorset - Margaret Herr, first; Hampshire - Christian Herr, first; Hans Groff, second; and Andy Dittrick, third. Suffolk - Barbara Herr, first; Dean Ziegler, second; Debbie Martin, third; and Gary Martin, fourth.

All-American Dairy Show goes international

HARRISBURG - For years, Pennsylvanians have considered the Pennsylvania All-American Dairy Show to be one of the finest in the country. Any doubt of that should be dispelled by a visit to this year's 14th annual edition of the event, September 26-30 at the Farm Show Complex in Harrisburg.

The All-American has taken on a distinctly international flavor this year, right down to an international visitors reception on Thursday evening. Tours will be offered to foreign visitors throughout the week and visits from officials and dairymen from around the world have been encouraged.

The All-American is proud to be host this Fall for the Eastern National Ayrshire Show. This is the first time the Ayrshire Breeders Association has approved the PAA for its Eastern National Show.

The addition of the Eastern National Ayrshire Show brings the total of

National shows at the All-American to three, joining the Eastern National Brown Swiss Show and the Eastern National Holstein Show.

As always, the Pennsylvania All-American opens first thing Monday morning with a special emphasis on youth. The Pennsylvania Junior Dairy Show includes competition in all six breeds with 4-H and FFA entries in judging events. Approximately 650 entries are expected for the show, with the top three winners in each class eligible for entry in the breed competition later in the week.

Monday also brings the Invitational Youth Dairy Cattle Judging Contest with state champion 4-H and FFA teams as well as intercollegiate teams meeting to compete for cash premium and trophies.

The six All-American breed shows begin Tuesday morning with the Eastern National Brown Swiss Show and the All-American Milking Shorthorn Show. A new feature for Tuesday's

program is the Pennsylvania Holstein Fall Championship Show, intended as a state final in the series of Holstein district and regional shows in the Commonwealth.

Wednesday brings competition in the Eastern National Ayrshire Show and the All-American Guernsey Show. The All-American Jersey Show opens Thursday morning, sharing the spotlight with the first day of competition in the Eastern National Holstein Show.

The All-American wraps up on Friday with milking and group classes in the Holstein Show. Over 2,400 entries are expected in all breeds at the show. Last year, more than 2,300 entries from 22 states and two Canadian provinces were represented in the six breed shows.

Another top spectator event is always an invitational breed sale, and

this year, the Pennsylvania All-American features two: The Invitational Brown Swiss Sale, Monday evening at 7 p.m. and the Invitational Holstein Sale, beginning at 5 p.m. Thursday.

On top of a lot of good dairy cattle, the All-American Week will put the spotlight on the 21st annual Pennsylvania Dairy Princess Coronation at the Dairy Show Recognition Banquet at 6:30 p.m. on Wednesday.

Reigning Princess Peggy Staub of Newville, Cumberland County will be on hand to crown her successor.

The Pennsylvania All-American Dairy Show is sponsored by the Pennsylvania Dairy and Allied Industries Association in cooperation with the Pennsylvania Department of the Pennsylvania State Farm Show Commission.

SUPREME BATCH MIXER

Heavy duty mixing augers mix feed quietly and efficiently in minutes. Speeds feeding where several batches are required in the operation.

Model 7004 — Batch Weigher Specification

Overall Dimensions	108" L x 60" W x 68" H
Height of discharge from floor	17 inches
Empty weight of unit - less motor	1800 lbs.
Hopper Dimensions	96" L x 54" W x 40" Deep
Mixing Capacity 75 Cu. Ft.	60 bushel
Mixing Capacity (material at 25lb/Cu. Ft.)	1875 lbs.
Mixing Capacity (material at 30lb/Cu. Ft.)	2250 lbs.
Approx. Mixing Time	1-3 min.
Recommended Horsepower	5
Bottom Mixing Auger	16 inch-heavy duty
Top Mixing Augers	12 inch-heavy duty
Drive	V-Belt, Chain and Sprocket
Solid State Control	Accurate to within 1/4 of one percent.
