**Thinking of Leasing or Renting your Tractor Power?**

Here's the long and the short of it!

**The Long**—That's the Case Lower Payment Lease Plan. A lease program of up to 60 months for qualified customers. Many find leasing more attractive than ownership depending on their tax bracket and expansion plans. Taking the lease payment off the top of your operating expense often saves more than the usual interest, tax and depreciation deductions.

**Plus**—When you lease you don't tie up capital in equipment. Payment schedules can be tailored to your cash flow. We will purchase your existing equipment and lease you new replacements which can be exchanged if your power needs change.

**The Short**—Renting your tractor power by the week or month is an ideal way to boost your production during busy seasons.

Match your work schedule with two or four wheel drive tractors, and when you're done just bring the tractor back. No long term commitment in money or machine. Warning! You could fall in love with your Case Rental Tractor. Contact your participating Case dealer for availability of certain units.

For additional information on Case Finance Plans, write J I Case Company, Dept. AG/CCC 700 State Street Racine, WI 53404

Plan ahead, long term and short, with the farm power you need from Case.
