

© 1977 AGRO-K CORPORATION

SPECIAL MEETINGS!

Dr. A.H.J. Rajanannan
President of Agro-K Corporation
to speak & answer questions on
SYMBEX, November 9, 1977,
2:00 & 7:30 P.M. at
Zook & Ranck, Inc., Gap, Pa. 17527
PH: 717-442-4171.
Plan to attend one of these meetings.

Not long ago
agronomists advised
farmers to try
nitrogen fertilizer
on just a few acres
to prove its
effectiveness

Today
we'd like you
to try
SYMBEX™...

*U.S. Patent Pending

SYMBEX is a new product, but the way it works is
as old and proven as your soil.

SYMBEX is a unique grouping of naturally-occurring
soil microorganisms suspended in a patented*
enzyme and nutrient base.

SYMBEX stimulates microbial action in your soil to ...

1. Speed decomposition of crop residue
2. Promote the nitrogen-fixing capability of soil bacteria
3. Increase humus formation, which will ...
 - Build soil fertility and tilth
 - Enrich crop quality
 - Boost crop yields and dollar returns
 - Minimize leaching of plant nutrients and pesticides
 - Improve moisture-holding capacity of your soil
 - Provide stronger disease resistance through antibodies produced by soil microbes.

SYMBEX is not harmful to humans or animals,
and carryover is not a problem.

SYMBEX application is simple and can
easily be included with your 1977 crop.

MAKE a test strip and evaluate results.
Just a few acres this year will
change the way you farm.

Please mail coupon for Free 16-page SYMBEX brochure.

...Soil Inoculant for
Accelerated Decomposition
of Crop Residue
and Nitrogen Fixation
