At Sire Power our programs are designed with your herd's Profitability in mind. Our goal is to increase your net income, by offering high predicted difference sires, at the lowest prices possible.

The twelve sires featured above average +1202 P.D. milk, they have high repeatabilities, and are AI proven, the results of Sire Power's Young Sire Program, that utilizes random sampling in its design.

At Sire Power we feel that a cow that lasts, is also as important as a cow that milks. We stress sound type, the dams of Sire Power sires are classified Very Good or Excellent, with special emphasis on snugly attached udders, and sound feet and legs. You can expect sound type from Sire Power.

Sire Power semen is available from the Sire Power member cooperatives NEBA Md ABC and W Va ABC. We offer both professional technician and direct herd service. We are as near as your phone call 717 836 3168.
