**THE ALL  
NEW**

## A.R. WOOD'S REVERSE CAGE

**YOUR KEY TO HIGHER PROFIT**

**BOOTHS  
743-  
744**

**THE 4-DECK REVERSE CAGE SLANT BACK SYSTEM FROM A.R. WOOD  
IS BUILT TO DELIVER**

**EXTRA NET PROFIT - UP TO 50¢ EXTRA NET PROFIT PER HEN PER YEAR!**

Research has confirmed that less competition at the feed trough is one key to more eggs and more net profit. With proper management, the Northco® 4-Deck Reverse-Cage Slant Back System from A.R. Wood will deliver extra net profit from the day it's installed:

### HERE'S WHY...

- The extra equipment costs are offset by savings in building costs (in new construction).
- There's no increase in operating cost, no extra feed.
- The Reverse Cage delivers fewer cracked eggs.
- Slant back design eliminates the need for dropping boards and dropping board scrapers.
- The Northco® Core Auger mixes the feed as it moves, to prevent feed separation.
- There's only a 2" setback per tier, so there's easy access to all levels.

**ALSO ON  
DISPLAY**

## **NORTHCO FARROWING CRATES**

### **THE TOUGH FARROWING CRATES**

**EASY TO CLEAN** - There's a minimum of places for manure to hang-up and the round side-rails make clean-up easy. This means better sanitation and longer crate life. Northco Farrowing Crates in use since 1968 are still in good condition.

**LABOR-SAVING** - Northco Farrowing Crates can raise more pigs with less labor. Automatic feeding, watering and controlled manuring reduce the "busy" work of farrowing and increase the time available for management.

**PIG-SAVING** - Farrowing crates can help you wean an extra pig or more per litter according to customer experience and university research. Those extra pigs add up to extra profit for you.

Heavy-gauge, galvanized steel construction makes Northco Farrowing Crates tough . . . to stand up to hog-house abuse. But Northco Farrowing Crates are more than strong.

Optional manual metering hopper is available for use with an overhead fill system.
