Truckload

Sale!

DUE TO THE INCLEMENT WEATHER THE ENTIRE TRUCKLOAD SALE HAS BEEN EXTENDED THRU SATURDAY, FEBRUARY 18th.

Save up to 720 per box Rock Share

BROKEN SHARES REPLACED FREE!

As Long As Share Is Not Worn Out

Applies only to Rock Shares

The extra heavy duty long wearing share is made of top quality spring steel thus having the best wearing material used in plow shares. The manufacturing upsetting process beeps up the nose of the blade to double the regular thickness thus making the share wear twice as long or more. By adding this extra amount of material in the nose it makes the share extra strong to eliminate breakage. This special upsetting process makes our extra heavy duty plow share wear as long as any other share on the market. Order bolts separately from listing as blade price does not include bolts. Front hole uses 1 1/2" long bolt. Made in USA. STOP IN AND SAVE AT OUR LOW LOW PRICES

FOR ALLIS CHALMERS

Uses 3/4" Clip Head Bolt

DISC BLADES

New Heat Treated Disc Harrow Blades Made of heavy gauge high carbon alloy steel heat treated for long trouble free service. The special forging process used gives the blades a finer grain in the steel and makes it tougher and much more able to withstand rough usage. The cutting edges are hardened to hold their edge longer yet are not brittle and will not easily break or split when striking stones or other hard objects. All fit square axle unless in dicated
