## No carryover! Banvel® + Lasso®\* herbicides

Applied any time after planting until 3-inch corn/2-leaf weeds

Now you can apply the Banvel-Lasso tank mix from immediately after planting through early post when corn is no more than three inches tall and/or weeds/grasses reach the two-leaf stage.

For excellent control of broad-leaf weeds and grasses WITH-OUT carryover to soybeans Banvel + Lasso works as long as you need it. But not next year... when you don't!

No incorporation! Chemical barrier in top layer of soil kills weeds as they germinate

We have your supply. Call today.
