Access youth program planned

EAST PETERSBURG — A new program designed to teach employability and life skills to youths age 16-21 is scheduled to begin in Lancaster and Lebanon Counties March 13. Dubbed Project Access, the free program aims to help youths make decisions about their future plans.

Participants will learn to set goals for themselves and decide how to attain them. They'll also fill out job applications, make valuable contacts, and write resumes.

Sessions will run five weeks, with participants attending classes Monday through Friday from 8:30 a.m. to 4 p.m. at Lancaster and Lebanon Access centers. Five sessions are planned.

Project Access is now recruiting youths for the program. For more information one can call 717-569-7331, ext. 154.

Auto Service Tips

Here are simple tips to avoid personal injury or property damage when your car breaks down. Turn on emergency flashers. Get off road as far as possible. Raise the hood. Tie white cloth on aerial or door handle.

With Rigidply Laminated Rafters you get a lot more than a quality farm building. First, all of your inside space is useful, with a clear span from floor to ridge. Second, you have maximum resistance to wind and snow — because laminated rafters are far stronger than the wood itself. Third, the attractive arches provide all of the roof support, while providing you with complete freedom for a more efficient interior designed to your very own needs.

Fully guaranteed, the perfect shape and accurate size of every Rigidply Laminated Rafter results in a stronger structure — and a better looking building in which you can take much pride for many years to come.

Increase Fertilizer Efficiency. Spread ...

BAKER'S AG LIMESTONE

Fertilizer is expensive — don't waste it!

Studies show that less than 50% of your fertilizer can do its job in very acid soil (5.0 pH). Fertilizer efficiency increases dramatically as pH rises — 67.31% at 5.5 pH, 80.33% at 6.0 pH, 100% at 7.0 pH. Fertilizer efficiency goes up as soil acidity goes down. And reducing soil acidity is the job of Baker's Ag-Limestone.

Baker's agricultural limestone is available in two types, high-magnesium or high-calcium. Both sweeten acid soil, raise pH and unlock vital plant nutrients. For fast, efficient delivery, call your dealer or Baker.
