

Lebanon County DHIA Monthly Report

MARCH 1978

Willow Maple Farm, Dale Hostetter and sons, and Vincent Wagner, all Lebanon County Holstein breeders, shared top honors last month in the DHIA summary. Willow Maple Farm turned in the high individual lactation for milk production; the Hostetters had the high record for butterfat, and Wagner's 38 cows checked in with the highest butterfat average per day. Details follow:

The Lebanon County Dairy Herd Improvement Association records of tests on county cows with over 600 pounds of fat in March are as follows:

OWNER NAME OR NUMBER	AGE	LBS. MILK	% FAT	LBS. FAT

DMI SUPR-LOK® and AXLE MOUNT DUALS

QUALITY IS FIRST

- Equal or superior to OEM duals
- Rims shot blasted and protected with primer and enamel top coat
- Hooks are guaranteed for 20 years
- Full one year warranty on duals

The DMI Supr-Lok® dual is unique among other band type duals. The new triangular bracing system makes hook-up easy and exceptionally strong. A formed 3/4" steel lug is welded to the rim. Its face is concave to accommodate a special bushing which makes angling right or left possible. No alignment to the tractor wheel is necessary. Just hook to the nearest lug on the dual rim. DMI Supr-Lok® duals ask us to show you how they work.

DMI 10 bolt "B" series axle mount duals are the heaviest in the industry. Wedges are eliminated by using two huge U bolts positioned at the points where the most stress occurs. The combination of the heavy-duty U-bolts and the massive malleable iron hub with its "pressed fit" makes the DMI axle mount dual the strongest made. DMI 10 bolt hubs and wheels are used as duals, triples, or even as primary tractor pull wheels and they're backed by a full year warranty!

Stop in now and see us. We'll show you how DMI duals put tractor power to the ground!
DMI... Quality Is First!

If you want to save money on new and used wheel sets, deal with Factory Direct Dist. Also we have many large tires at low prices.
