5 Gal. S.S. Tank. Serves: 100 Head. Length: 28". Height: 9". Width: 14". Weight: 55 lbs. 250 Watt Heat Unit.

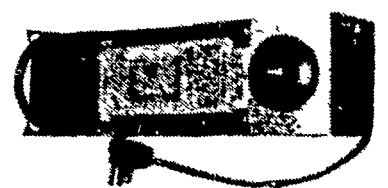

## ELECTRIC AND GAS HEAT

ADJUSTABLE THERMOSTAT - NO ELECTROCUTION DANGER ... Many times customers have said it costs less to heat with gas and do not have to worry about electrocution. It is a proven fact that it costs less to heat air than it does to heat water. We have done just that very thing with an electric space heater. Tests show that it costs 30 to 50 per cent less to heat a Red Top than competitive brands. We have also taken the worry out of electrocution as our unit does not touch the tank. It is with great pride that we say we have not had so much as one electrocution in 11 years. Test our competition against that record. You need not be an electrician or an engineer to remove the heater for service. HEAT UNIT DOES NOT TOUCH TANK ... Residues do not bake on tank!

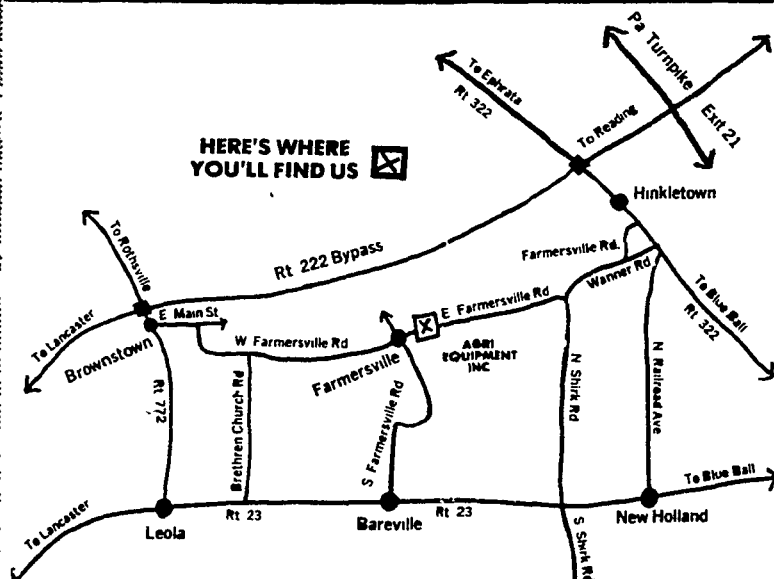

A-250 Watt

B-500 Watt

## RED TOP GUARANTEE

Customer satisfaction is guaranteed by the Hoskins Mfg. Co., Inc. They further guarantee that their products be free of defect in material and workmanship. STAINLESS STEEL TANKS CARRY 25 YEAR UNCONDITIONAL GUARANTEE AGAINST RUST, CORROSION AND NORMAL LIVESTOCK DAMAGE.
