

Tearful dairy princess promises to do her best

By JOYCE BUPP
Staff Correspondent
TOWSON, Md. — With tears of happiness glistening on her cheeks, Jo Garber promised to "do her best"

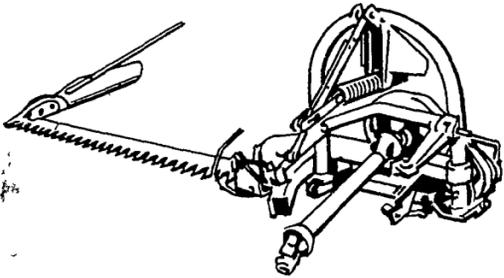

for the Baltimore-Harford County milk industry as the new Area 5 Dairy Princess. The lovely brown-haired, dark-eyed young lady won her crown over a field of six

Reigning over the Baltimore-Harford County dairy industry for the coming year will be: (from

bottom) Jo Garber, newly-crowned Area 5 dairy princess; Mary Foster, first runner-up; and Holly Amos, second runner-up.

ROHRER'S ARE DISTRIBUTORS FOR BANVEL
For post-emergence weed control on corn...

Banvel® herbicide...

...alone or tank-mixed with 2,4-D (depending on your weed problem):

...to control tough, late-germinating broadleaf weeds,

...to cover misses of pre-emergence herbicide application,

...to get control where weather or other factors make earlier application impossible,

...to make sure that late weeds cannot mature to become the nursery for next year's weed crop.

Ask us for application details about Banvel herbicide... from Velsicol.

Note: Before using any pesticide, read the label.

contestants during pageant festivities held June 2 in the Towson Plaza Shopping Mall.

Miss Garber, age 17, is the daughter of Mr. and Mrs. John P. Garber, Troyer Road, White Hall, formerly of Virginia. A junior at North Harford High School, she is preparing for college studies in the field of speech pathology or biological sciences.

High school activities of the new princess include the German club, yearbook staff, and serving as a class representative to the student government. Among her hobbies are swimming, bicycling and sewing, a talent she used in designing the blue quiana gown she wore for the pageant.

Jo has been a 4-H member for the past eight years and holds offices in both her local club and in the Harford County dairy club. Her project animals are three registered Holsteins, two cows and a calf, which she enjoys showing in area competition. One animal,

her 4-year-old cow, was named an all-Virginia winner as an intermediate calf.

The Garber family milks 100 Holsteins and are members of Maryland Cooperative Milk Producers.

Mary Foster, daughter of Mr. and Mrs. Clyde A. Foster, Masemore Road, Parkton, was selected the first runner-up. She will be a sophomore at Lycoming College, majoring in art, Near East culture and archaeology.

Her busy college schedule includes membership on the women's field hockey team, officer of a social sorority which she helped to form, and serving as a reporter on the college newspaper.

Nineteen-year-old Mary has been active in 4-H for 10 years, participating in dairy exhibiting and judging. She owns nine Holsteins and seven Guernseys, and is employed on the family farm, which includes a milking herd of 115 Guernseys and Holsteins.

NEW FROM HESSTON!

New design and low investment make the Hesston Model 1070 and 1090 Mower-Conditioners ideal for many operations.

Designed with strong, powerful lines, this husky workhorse is built to handle tough jobs. Its large-diameter chain-driven reel is cam-actuated to reach down, pick up and feed crops positively to the conditioner. The conditioner rolls feature non-intermeshing, deep-spiraled fluting for aggressive conditioning without mangling or shredding. You get Hesstonized Hay with all the nutrients preserved.
