CALL US - WE CAN HELP YOU

BANVEL HERBICIDE

Post-emergence application gets to the root of your tough broadleaf weed problem

Banvel from Velsicol controls hard-to-kill broadleaves . . . smartweed, pigweed, morning glory, thistle, many others.

For one simple reason. Banvel translocates. Absorbed by leaves, stems, roots, Banvel moves with plant fluids from leaf tip to root tip. Destroys as it goes. So, no regrowth. Ask us for application details about Banvel, today.
