In trials... Seven veal feeding programs were compared... and you've got the winner!

In total gains, rate of gain and conversion rate, one program stood out above all others. That's the one on which Agway Veal Pre-Starter, Starter and Finisher are based.

The group on the winning program started at an initial average weight of 111.1 lbs. And finished at 349.00 lbs. An average gain of 237.9 lbs. With a feed conversion rate of 1.66 pounds of feed per pound of gain.

Agway Veal Pre-Starter, Starter and Finisher are made from top quality products. From top quality protein, 100% derived from milk products. From 100% animal fat. Because Agway

knows that protein quality and fat source are where performance is. As the trials showed... quality pays off.

Every veal grower knows that prime veal depends on the quality and vigor of the calves, on proper housing, feeding management and sanitation. Do all of them right, and the line-up of Agway Veal Feeds can do a superior job for you.

For more information on a most profitable way to get into a most profitable market, call your local Agway.
