

New ag education head announced at Maryland

Lancaster Farming, Saturday, September 23, 1978—123

COLLEGE PARK, Md. — County) is the new chair- Dr. Clifford L. Nelson of New person for the Department of Carrollton (Princes Georges Agricultural and Extension

Education in the College of Agriculture at the University of Maryland, here.

The new ag ed chairman has been a faculty member in the department for nearly 10 years. He is well-known among secondary and vocational school administrators throughout the state as an on-the-job training supervisor for prospective vocational agriculture teachers.

Dr. Nelson has also served in support of the Future Farmers of America, an associated youth organization, for most of the past decades. And he has been a member of several national FFA support committees.

He was awarded the honorary American Farmer degree in 1976 during the 49th national FFA convention in Kansas City, Mo. The Maryland Vocational

Association bestowed on him its outstanding achievement award in 1974.

A native of Walla Walla, Wash., Dr. Nelson taught high school vocational agriculture for six years in the Evergreen State. He holds B.S. and M.S. degrees in agricultural education from Washington State University and a Ph.D. from the University of Minnesota.

Shive and Myers win beef contests

YORK — Chris Shive and Mike Myers received purple rosettes here last Saturday for exhibiting champion Angus and Hereford cattle, respectively. Miss Shive, is a 4-H'er from Seven Valleys, and Myers hails from Manchester.

Other first-place entries in the four classes of competition of the Angus show were exhibited by Ralph

Flower bulb course available

UNIVERSITY PARK — It may be difficult now to think about early Spring flowers popping through the snow, but the time is approaching when autumn-planting bulbs must be planted.

A correspondence course from Penn State on Bulbs for Your Flower Garden presents the propagation, culture, disease and insect controls, harvesting, and

storage of popular flowering plants grown from bulbs, corms, rhizomes, and tubers. Dahlias, gladioli, and other frost-tender flowers for spring planting as well as tulips, narcissus, and other winter-hardy bulbs for Autumn planting are included.

By properly selecting varieties, one can have continuous bloom during Spring, Summer, and Autumn from this group of hardy, semi-hardy and frost-tender plants. If a person would like more information about these popular flowering plants, they can send \$4 to Bulbs, Box 5000, University Park, Pa., 16802, making check payable to Penn State.
