LANCASTER - Strong demand for Jersey cattle and top-quality consignments combined to give the Pennsylvania State Jersey Sale its highest all-time average. Sponsored by the Pennsylvania Jersey Cattle Club, the sale was held on September 16 at the Guernsey Pavilion near Lancaster. The thirty-four registered animals sold for an average of \$1091.91, with sixteen animals topping the \$1000 mark. The cattle sold into Virginia, Maryland, Connecticut, Ohio, and Delaware, as well as Pennsylvania.

Top cow in the sale at \$1825 was a fresh 3-yr-old, Wilderness Tillyson Dusty, consigned by Dr. and Mrs. Robert Dreisbach of Hamburg, and purchased by Paul and Charlotte Trimble of Peach Bottom. Second high at \$1800 was a 4-yr-old Quicksilver cow consigned

by Robert Eick of Columbia Cross Roads and purchased by Waverly Farm, Clearbrook, Va. Roller Jersey Farm of Timberville, Va., purchased Quicksilver Forester Caper from Rupert Jerseys of New Waterford, Ohio, for \$1775. Also topping the \$1700 mark was Smokey Hill Generator Helen, consigned by Roy Watson of Columbia Cross Roads and purchased by Terry Lee Rhein of Pine Grove. Top buyers of the day were Paul and Charlotte Trimble who purchased four animals for \$5450.

Also sold were five heifer calves in the Second Pennsylvania Pot of Gold Sale. These animals, available only to junior buyers, will return money to their purchasers based on their two-year-old milking records. Top calf sold was Masters Merry Sonia, consigned by Pioneer Farm, Old Lyme,

Conn., and purchased by Katherine Knowlton, Harwinton, Conn., for \$650. Second high calf was a Supreme Virginian daughter consigned by Eugene and Brian Harris of Milan and purchased by Brian Watson of Columbia Cross Roads.

Several lots of semen were sold, including 10 ampules of Marlu Milestone for \$115 per ampule to Roy Watson. The semen was consigned by Walebe Farms of Collegeville.

In a ceremony preceding the sale, Roy Watson of Smokey Hill Farm received a plaque as purchaser of Rolling Acres Jokers Camille, the cow sold in the 1977 PJCC Sale which made the best record in the year following the sale. Robert Eick, also from Bradford County, received a similar plaque as consigner of the cow. "Camille's" record was

16,326 lbs. of 4 per cent fat-corrected milk.

Fitting and handling the animals were Meryl Sheaffer, William Swingle and Crain Rhein. Auctioneer was Braden King; ringman was Ralph Horst. Pedigrees were read by Donald Koontz. Chairman of the sale was Dr. Robert Driesbach.

Low-Cal Cooking

Here are a few low-cal cooking tips

-Take the skin off poultry before cooking and save about 20 calories per serving

-Substitute lemon juice or crushed herbs for butter or margarine to add flavor to vegetables and to keep the calorie count at a minimum

-Substitute skim for whole milk to reduce calories Use skim milk in cooking and as a beverage

-Cook eggs in little or no fat in a nonstick pan

"THE DIESEL WITH A DIFFERENCE"

Cuts your power costs because it's way ahead of its time on all points.

AVCO-VM diesel engines are world-proven money-savers. They deliver maximum power efficiency immediately, under any sudden load or climate variation. Their higher power to weight ratios mean NO REDUCTION IN HORSEPOWER to qualify for pollution standards.

They're stingy on fuel, too. Many users report fuel consumption CUT IN HALF - and more - compared with gasoline engines. In some installations, our diesels are delivering more than

TWICE the hours of operation per gallon of fuel.

Faultless performance is the norm, rather than the exception. A choice of 27 premium quality air-cooled Avco-VM's (5 to 670-hp) means there's one that's right for your application.

Modular, unitized construction means fewer specialized parts, lower weight per hp, lower maintenance costs, 70% parts interchangeability - and they'll fit the tightest space.
