William March, Jr., was the auctioneer.

Chester Co. farm sells for \$1,193,000

PHILADELPHIA — "Lake Valley Farm," historic 261-acre tract in the Chester Springs area of Chester County, was sold at public auction on September 16 for a total of \$1,193,000.

Louis Trauman Auction Company conducted the sale on the premises on Horseshoe Trail, Chester Springs Road and Dewees Lane in West Vincent and West Pikeland Townships. The property was sold at absolute auction to the highest bidders by order of the owner, Margaret E. Meloney, represented by William P. O'Neill, Esquire.

Named for a picturesque six-acre lake in a valley opposite the main residence, "Lake Valley Farm" was for nearly two centuries the

home of the Ralston family. John F. Ralston served as a cavalry captain and later colonel in the Continental Army and his home was burned by the English in retribution.

"Lake Valley Farm" was offered in 15 parcels. The main residence on 10 acres with three tenant houses and two other tracts totaling 47 acres were sold for \$360,000.

Four adjoining tracts totaling 53 acres were sold for \$265,000.

An 11-acre tract was sold for \$50,625; two tracts totaling 22 acres were sold for \$114,375; a three-acre tract with fieldstone residence was sold for \$42,000; two tracts totaling 76 acres were sold for \$232,000, and four tracts totaling 83 acres were sold for \$232,000.

Auto Service Tips

A test light can help determine source of electrical problems. If a light is out, but the fuse and bulb are good, remove bulb and use fine sandpaper to remove corrosion around socket.

If light still does not go on, remove bulb and, with circuit still on, fasten alligator ground-clip lead of test light to clean metal part of the socket. Insert pointed probe of test light into socket. If test light does not glow, look for loose connection or broken wire.
