

Procedures set to start wheat program

NEW YORK, NY -- Procedures for developing a wheat and wheat foods research and nutrition

education order were announced by P.R. Smith, assistant secretary of agriculture for marketing services.

Smith, in announcing the administrative procedure to be followed, also invited interested persons to submit a proposed order or suggest changes in an order proposed by the Wheat and Wheat Foods Foundation.

Smith said the order is authorized under the Wheat and Wheat Foods Research and Nutrition Education Act, signed into law Sept. 29, 1977.

It is intended to improve quality and make efficient use of American wheat for food purposes.

Smith said the rules set procedures for giving all interested persons a chance to have their views considered during various steps of developing an order — from submission of proposals and a public hearing to a final decision. If hearing evidence supports an order, it would be voted on by end product users of wheat, primarily wholesaler bakers.

Any approved program

would be financed by assessments of up to five cents per hundredweight on processed wheat that end produce users purchase. Certain end product users, including retail bakers, would be exempt from paying the assessments. End product users required to pay assessments, but do not wish to support the program, could get refunds upon request.

Smith said the order, if approved, would be administered by a 20-member Wheat Industry Council. Membership would be divided equally among producers, processors, end product users and consumers.

The administrative rules appeared in the Nov. 6 Federal Register. Copies of the proposed order USDA received from the wheat industry group, and the administrative rules, may be obtained from the Agricultural Marketing Service, room 2084-S, U.S.

Department of Agriculture, Washington, D.C., 20250, or phone 202-447-3970.

Suggested changes in the

proposal or alternative proposals should be submitted to the same address by Dec. 6.

Dreibelbis shows champion heifer at KILE

HARRISBURG, — Galen Dreibelbis of State College, captured the champion heifer title at the special breeds heifer show at the 22nd Keystone International Livestock Expo in Harrisburg with his yearling heifer, "Nittany Princess 748."

The reserve grand champion heifer, "Martins 1A27," was shown by Brade Gilmore of Bellefonte.

The following is a list of winners for the special breeds heifer show.

Junior Heifer Calf, calved after Jan. 1, 1978; 1. Foreman Chuanina Farms, Hershey; 2. Wayne Stough, York; 3. American Way Farms, Delaplane.

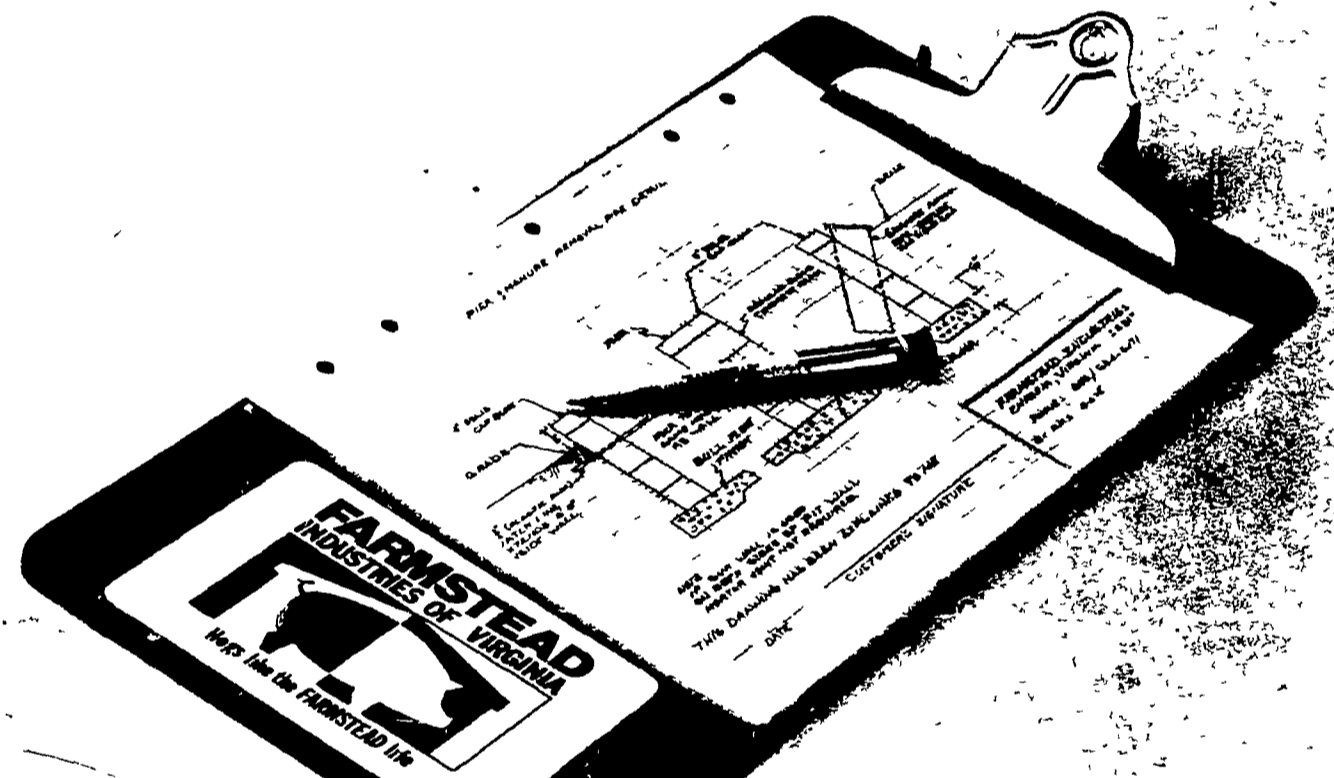

Senior Heifer Calf, calved between July 1 and Dec. 21,

1977; 1. and 2. American Way Farms.

Yearling Heifer, calved between Jan. 1 and June 30, 1977; 1. Galen Dreibelbis, State College; 2. Brady Gilmore, Bellefonte; 3. Galen Dreibelbis.

Champion Heifer, Galen Dreibelbis.

Reserve Champion Heifer, Brady Gilmore.

LET FARMSTEAD CHART A COURSE FOR YOU TO MAKE MONEY FROM HOGS.

This clipboard is how. It's the starting point for the Farmstead consultant and systems engineer.

With this clipboard, a Farmstead consultant will tell you all the particulars you need to set up a complete, efficient hog-producing system—exactly what is best for your particular location. He'll provide a detailed description of Farmstead units and equipment, plus important financial counseling.

Farmstead manufactures modular housing units—everything needed from gestation to finishing. A Farmstead consultant will

give you detailed information on setting up a complete swine system, with proper environmental controls. It will be tailored to your exact location.

Farmstead goes with you all the way—from a complete initial analysis to the profitable operation you're looking for. In addition to buildings and equipment, Farmstead has the expertise to install efficient ventilation and feed handling systems.

With all the money that can be made from hog production, you can bank on Farmstead.

Don't go hog-wild. Call or write Farmstead for more information.
