Steve Kearns wins Ayrshire calf award

ELVERSON - Steven Kearns, son of Mr. and Mrs. James Kearns, Morgantown R1, was named the winner of the Southeastern Pennsylvania Ayrshire Club's annual calf award, at their fall banquet on November 10.

Steve is a member of the Twin Valley Chapter of FFA and has shown a dairy heifer this past year.

The annual calf award is open to FFA members from throughout Southeastern Pennsylvania. It is presented by the club to stimulate interest in Ayrshire dairy cattle. FFA members must submit a written application for the calf - including such things as a list of their high school and Community activities, a list of dairy activities, a detailed plan for raising the calf to freshening, a budget for raising the calf to

Steve Kearns, Morgantown R1, (center) was the recent recipient of the annual calf award sponsored by the Southeastern Pennsylvania Ayrshire Club. Mr. Charles Gable (left) of Elverson served as chairman for the calf award committee. The Ayrshire Association is headed by Mr. Harold Kulp (right). The calf was donated by Mentzer Homestead of New Holland.

freshening, a story of the contestant's aims and plans for the future, a three generation pedigree for a well known Ayrshire cow or bull, a description of the important points to consider in classifying a dairy animal, etc. All contestants must also submit their current project book and attend an interview.

The Ayrshire Association is headed by Mr. Harold Kulp of Pottstown. Mr. Charles Gable of Elverson served as chairman of the calf award committee. The calf was donated by Mr. and Mrs. Mentzer of the Mentzer Homestead, New Holland.

BAR-LOK CORN CRIBS!

THE ADVANTAGES OF SPEEDY CORN CRIBS

- 1 Easy to Erect**
Speedy's Corn Crib goes up fast and easy because of roof rafters and Bar Lok side panels. The steeply pitched roof pushes the corn to the edges — NO WASTED SPACE!

Step 1 Bar Lok Construction saves you time — gives you a strong sturdy crib. Crib wire panels are interlaced to form an eye. A 1/2 x 3/8 rod is then inserted through the eye and pushed down to the foundation. Easy simple fast construction.

Step 2 Rafters are bolted to assembled rafter ring. Now you're ready to put the roof panels on. Rafters assure you of proper roof panel placement the first time. No wooden framework to build.

- 2 Wide Selection**
There is a Speedy Crib for every farm need, priced right for every budget.
 - Choice of 900, 1200 or 1700 Bushel Sizes
 - 5 or 2 Gauge Wire Mesh Side Panels
- 3 Durable**
The Speedy 5 Gauge Crib won't bulge or sag — stands straight and tall year after year. For extra strength and durability get the Speedy 2 Gauge Crib — outlasts other cribs — even with full capacity loads. Galvanized wire — not aluminum paint.
- 4 Save Money and Energy**
Corn stored in a Speedy Crib is dried by Mother Nature without the use of costly energy. This saves money and also helps conserve our scarce energy resources.

Thanksgiving

We Gather Together In Thankful Spirit . . .

To meet with family and friends to express our thankfulness for the many good things of life these happy customs began with the first Thanksgiving Day. And may they long continue! At this season it's our favorite custom to extend our thanks and best wishes to our friends and customers. To all of you, a happy, hearty Thanksgiving!
