decorate when cooled, brush underside of candy decorations with corn syrup and press onto lollipops. Cool lollipops thoroughly before removing from baking sheet. Will make 18 two-inch lollipops.

SESAME SEED ROUNDS

1 cup sesame seeds
honey to taste
¼ teaspoon almond extract
½ cup raisins
18 walnut halves, approximately

Blend sesame seeds in an electric blender until they are smooth. Turn onto a board and gradually knead in honey. (The seeds are

fairly sweet themselves) Knead in the extract. Work in the raisins and when mixture is a compact ball, pinch off small pieces and shape into flat rounds. Press half of a walnut into each candy. Store in a covered container in the refrigerator. Will yield about 18 candies.

PEANUT BRITTLE

2 cups granulated sugar
1 cup white corn syrup
½ cup water
3 cups raw peanuts
1 teaspoon butter, melted
1 teaspoon baking soda
1 teaspoon vanilla

Combine sugar, syrup, and water. Cook to the soft ball stage (236°F). Add peanuts and melted butter. Continue

cooking until syrup is a golden brown (290°F). Stir during the last few minutes of cooking. Remove from heat and add baking soda and vanilla. Stir until mixture thickens. Pour into buttered tins and break into pieces when cold. If roasted peanuts are used, add them to the syrup mixture right before you remove the pan from the heat.

WEST CHESTER — In the excitement of the holidays there's bound to be a spilled liquid or a dripping candle that can cause a spot or stain. So plan now to buy a few basic items to help with stain removal emergencies. You will need paper towels, cleaning fluids, a sponge, oxygen bleach, chlorine bleach, petroleum jelly and an enzyme pre-soak.

The key to stain removal is immediate treatment. When

salt, nuts, milk, and vanilla. Pour into a 9x5x3 inch waxed paper lined loaf pan. Cool for a few hours. Cut into squares when firm. Will make about 1¼ pounds.

company is present and a spill occurs, use paper towels to absorb as much of the liquid as possible. Soak a sponge in cool water and use it to remove further traces of the spill. Later, you can get down to the business of final stain removal.

Test any stain remover on a corner of fabric first to see how it reacts. Treat spots from the back of the fabric. Place the spot downward on some paper towels so that the stain will come off the fabric instead of going through it. After treatment, regular laundering will usually remove the last traces of the stain.

Here are some special methods for treating the most common holiday-type stains.

Sponge fruit stains, including cranberries, immediately with cool water. Later soak in warm water and enzyme pre-soak. Then launder. If possible, launder again using chlorine bleach.

For gravy or milk stains, work a paste of detergent and water into the stain. If a greasy stain remains after laundering, sponge with a dry-cleaning solvent. Soak coffee or tea stains in warm water and an enzyme pre-soak or oxygen bleach and launder.

For candle wax spots, scrape off as much wax as possible. Then place the stain between layers of paper towels and press with a warm iron. Next, place the stain face downward on paper towels and sponge the back with dry-cleaning solvent. Launder when dry.

For lipstick spots, rub undiluted liquid detergent into the stain until outline of stain is removed. If after laundering, stain remains, sponge with dry-cleaning solvent.
