

BRAND NEW FROM AVCO NEW IDEA...

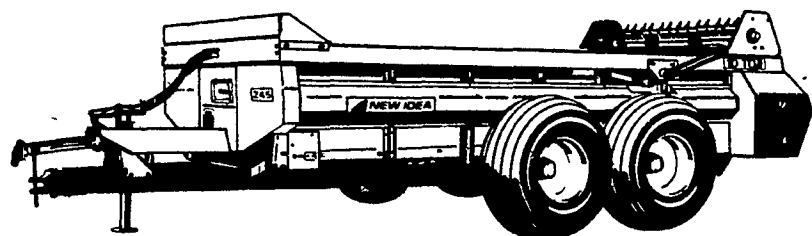

The BIG ONES with the Big Features

Stop by your local Avco New Idea Dealer and be among the first to discover the BIG ONES, the newest and biggest manure spreaders yet from Avco New Idea. Modern styling, heavy-duty construction and an all-wood box that resists corrosive acids have been combined with big capacity — 325 bushels on the 8½-ton Model 244, 375 bushels on the 10-ton Model 245. Then we added features farmers have asked for, like a new heavy-duty worm gear conveyor drive, unique conveyor overload clutch, new rugged frame and an extra heavy beater assembly with deep formed paddles.

Plus a number of time and labor-saving options to make the spreading job even easier. All these features ... and more, from the people who invented manure spreaders back in 1899.
