

Keystone Degree

(Continued from Page 165)
Oxford Area High School and is presently serving as vice-president of the Oxford FFA Chapter. He has served as sentinel of the chapter and on many committees. David is employed at Octoraro

Farms, a 700 acre beef and crop production farm, which consists of 70 head of purebred Angus cattle and such crops as corn, soybeans, and hay.

David has been very active in the showing of beef

cattle. He has represented Pennsylvania in the National Junior Angus Showmanship Contest, held in Louisville, Kentucky. He has also represented Pennsylvania in many National Livestock judging contests. In 1978 David was seventh out of 149 contestants at the FFA Activities Week at Penn State in livestock judging for this he received a trip to Richmond Virginia State

David J. Wylie

Fair to judge livestock. David attended the 1978 National FFA Convention held in Kansas City, Missouri, as a representative for the Oxford Chapter and to report back to the Chapter on the Convention Activities.

David enjoys fitting and showing beef cattle for local, state, and National shows, but his main interest is working with the cow-calf operation at home.

In the future David plans to continue in the beef cattle industry and use his knowledge in managing the cattle he hopes to have in the future.

GEROLDINE MILLER Oxford Area

Geroldine Miller, the daughter of Mr. & Mrs. Alvin G. Miller Lincoln University R1, is a 1978 graduate of the Oxford Area High School. While in school, she was a member of the parliamentary procedure team for three years, a chapter officer for two years and a county officer for one year. She was also active in band and sports such as hockey, track.

Since she has been out of school Geroldine has continued to be very active in the FFA as an alumnae

Geroldine Miller member. For the future, she will continue working and saving her money towards buying calves.

ALAN MASON Oxford Area

Alan Mason, son of Mr. and Mrs. Robert Mason, Nottingham, is a senior Oxford Area High School. He has been involved in the Oxford Chapter of FFA for

Tenderfoot... the Tough, Tested and Proven "pig-saver" floor.

PATENT
PENDING

PERMA-BOND* KOMFY-KOTE CONSTRUCTION

A tough acid-resistant plastisol compound permanently bonded to a rugged steel mesh

*An exclusive bonding process developed by Tenderfoot

- Superior Traction prevents injuries and abrasions.
- Cushioned comfort reduces stress.
- Self-cleaning. No holes or crevices to harbor bacteria.

HOW LONG WILL THEY LAST?

First produced in 1975 Tenderfoot was tested in farrowing pens for 1½ years before being marketed. These original floors have been in constant use ever since WITH NO APPRECIABLE WEAR! Today's Tenderfoot floors have 6 advantages over the original pieces

1. 3 times more coating.
2. Tougher vinyl coating.
3. Extra-strength steel.
4. Treated to resist bacteria & fungi growth.
5. Improved Perma-Bond processing.
6. Strict quality control.

Constant research development and quality control continues at the Tenderfoot factory and at the nearby 650-sow operation where the original 1975 Tenderfoot floors are still going strong

How long will a Tenderfoot last? No one knows. The very first ones produced have withstood heavy use since 1975 with no appreciable wear. The floors produced today are 6 ways better than the first ones. On the basis of these facts it seems safe to say that any concern over the durability of Tenderfoot flooring is unnecessary.

Turbocharged. To charge through hard work.

Now there are five hard-working cool-running Allis-Chalmers tractors with turbocharged engines. With PTO ratings of 106 123 146 161 and 181 hp* From the people who brought turbocharging to farm tractors

But turbocharging isn't the only way these tractors lead the rest. They offer fast easy-shifting Allis-Chalmers Power Shift or Power Director transmissions—with up to 8 forward speeds below 6.5 mph. Plus quiet comfortable Allis-Chalmers Acousta cabs. All are designed for years of hard work. And

maintenance is simpler and quicker than ever.

The Allis-Chalmers turbocharged line 7000 7020 7045 7060 and 7080. Built to give you a pleasant surprise with the work they do. And we'll surprise you with what your old tractor is worth. Stop in soon. Surprise yourself.

*Manufacturer's maximum observed PTO horse power at rated engine speed. Power Director is an Allis-Chalmers trademark.
