

# Blow the lid off production!

Now, get more milk production than ever before. New Wayne® Breakthru™ dairy pellets can help shatter old records.

Heavy milkers need lots of energy to support maximum production.

Low-energy feeds don't do the job. New Wayne Breakthru changes all of that. Its high quality ingredients are locked in a formula that's high in fat, low in fiber. Gives your cows a consistent, high-energy, all natural protein diet day after day. Available in 16, 18 and 20% protein formulas.

Breakthru is palatable. And it's pelleted to assure maximum feed consumption. Tests prove cows will eat pelleted feed nearly 1½ times as fast as meal feeds. Just feed it right along with hay or haylage, according to the Wayne Maximizer™ program.

Find out how much this complete feed can mean to your dairy production. See your Wayne Feed Dealer and stock up on new Wayne Breakthru.
