

Ephrata Young Farmers celebrate 10th banquet

By DIETER KRIEG
MOUNT AIRY — The Ephrata Area Young Farmers Association celebrated its 10th annual banquet here last Saturday, capping it off with the recognition of outstanding members and a thought-provoking wildlife program. The affair was held northwest of Ephrata, at the Mount Airy - Durlach Fire Hall.

Another highlight of the program was a slide show narrated by Pennsylvania Young Farmers Region II vice president Earl Stauffer. Stauffer, who is a member of the Ephrata Chapter, had attended the National Young Farmer Institute in Kansas City last year and announced that Pennsylvania will host that gathering in 1981. The Hershey Convention Center

has been selected as the site. A dozen members of the Ephrata Young Farmers were singled out for their

farming or community achievements. They were: Melvin Nolt, first place in the corn for grain contest.

His yield was 171.4 bushels per acre at 15.5 per cent corrected moisture. Second place went to Harry Becker,

who had a yield of 152.3 bushels per acre at 15.5 per cent corrected moisture.

It's easier to call an engine "heavy duty" than it is to build it that way. Superior performance and long life are the result of special alloy heads, integral lube coolers, oil-cooled pistons, and the Deutz highly efficient axial-flow cooling blowers. These features plus 100% direct air-cooling result in substantial fuel savings — 20 to 40% according to users — and far less pollutants. Deutz air-cooled diesels — 5 to 500 bhp

DEUTZ AIR-COOLED DIESELS

- We stock rebuilt: starters, generators, injectors, for Deutz
- We have complete road service since 1955
- We supply free application engineering
- We have facilities for any mechanical fabrication required to apply new Deutz diesels
