MASTER MIX PRIMER 1 & 2

Fussy eater? Feed 'em Primer'1 & 2.

You know how important it is to get that first bite of medicated feed into Primer 2 medicated. It gets pigs up to that Hissy baby pig. Primer 1 from 40 pounds fast—on less feed. Ask us Master Mix has proved it has the early starting power to produce heavier weaning weights and

greater stamina. Palatability in mini-pellet sizes makes the fastgain difference.

Then from weaning to 40 lbs., feed how Primer 1 and Primer 2 complete feeds, based on the baby pig's needs for Available Amino Acids, make them the efficiency favorites of cost-conscious hog producers.

More to Gain.

BENEFITS YOU CAN EXPECT FROM PRIMER 1 & 2:

- * AAA formulation increased daily gain.
- * Increased fiber level reduces scouring.
- **★** New flavoring agent increases palatability.
