

Save two ways with WAYNE Calfnip

Wayne Calfnip saves two ways! First, it costs less than mother's milk, Second, it helps produce a good calf with substantial savings over whole milk feeding.

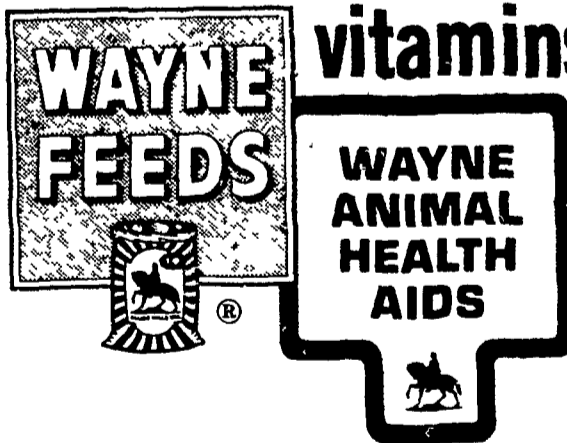

Millions of calves have been raised successfully and economically on Wayne Calfnip. And today's Calfnip is better than ever before, due to continuing research developments.

Smooth, glossy haircoats, growthy calves, less digestive upset and ease of feeding are a few reasons for the popularity and wide acceptance of Calfnip - the outstanding milk replacer, from Wayne.

And, start them with Wayne Calf Krunch for rapid, effi-

cient gains. Wayne Calf Krunch is a coarse textured, highly palatable, fortified calf starter.

Wayne Calf Krunch contains chlortetracycline to aid in disease resistance and weight gains; milk whey to assist in the transition to a non-milk diet; and vitamins A, D, E, and "B" complex to maintain good health.
