

Easter market or a 4-H'ers loving hug around their woolly bodies? Time and market trends will only tell the future for these two Hampshire lambs.

WHAT'S NEW

"TRUCK PUP"
Crysteel Manufacturing, Inc. has announced the addition of a new bottom dump trailer, named the "Truck Pup", to their line of grain wagons and scissor hoists.

According to Eldon Jones,

Crysteel's President, the "Truck Pup" has a newly designed suspension in which only four of the eight "Marsh Mellow" springs are in use when the trailer is empty; the other four come into use as the vehicle is loaded.

The "Truck Pup's" other features include Crysteel's patented "Butterfly Valve" bottom dump, low center of gravity, cast wheels and Holland heavy-duty towing eye.

For more information and prices please contact Crysteel Manufacturing Company, Highway 60 East, Lake Crystal, Minn. 56055.

TRACTOR DRIVEN ALTERNATORS!

Protect your farm against costly power failure. Buy or lease a Winpower Alternator.

doublet/mower conditioner

New concept in cutting and conditioning grass

The New Vicon Doublet/Mower Conditioner offers a new concept in grass conservation. The Vicon Doublet/Mower cuts, conditions and produces a light airy swath, reducing valuable time required to produce good quality hay and wilted silage. Conditioning at the same time as cutting is accomplished by incorporating the same cutter bar as the Vicon Discus disc mower with a conditioning rotor mounted above. The sucking action picks up the cut grass and delivers it to the back of the machine in light, fluffy swaths.

White® lubrication products... use them and protect your investment.

The next time you're in our store, do yourself a favor. Pick up whatever White lubrication products you might need for your new White equipment. By using the quality lubrication products and filters designed and tested by White for use in White products, you can protect your investment. We have a full line of special application lubrication products that will work long and hard with your new White equipment. Don't take chances on those so-called "good deals." See us first.

fertilizer spreader

The most accurate fertilizer spreader you can buy

The Vicon Spreader uses an exclusive fast-action spout moving back and forth at 540 times per minute to give even, rectangular coverage instead of the usual circular pattern.

That means increased profit because you get uniform fertilizer coverage, resulting in better stands and higher yields.

Give the Vicon fertilizer spreader a try. It costs no more than others. But it's better.
