

THE NEW HIGH OCTANE PERFORMANCE TEAM

Approximately three years ago Ralston Purina released revolutionary new growing and finishing rations called High Octane Hog Chows. They were based on several major nutrition discoveries by Purina Swine Research.

Today, you can take advantage of the High Octane breakthrough from the very moment pigs are farrowed ... a lactation ration ... a pre-starter ration ... a starter ration, and the already well-established growing and finishing Hog Chows.

So now you can go all the way with Purina High Octane Chows. Four feed products known as ... The High Octane Performance Team.
