

SAVE TIME AND MONEY MOVING CROPS!

Avco New Idea Introduces the Dump Box!

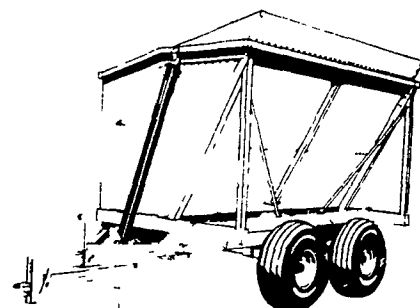

Tough hauling jobs are no problem with these new, efficient dump boxes. Three box sizes and two styles give you the versatility you need for your operation. Model 650A comes with a roof as standard equipment, and is especially designed to use for corn silage, haylage, and dry chop material. Models 650S and 650T are normally used for seed corn, sweet corn, sugar beets, and similar operations. All three models feature a pair of high capacity cylinders that quickly lift box evenly to dumping height. See a dump box that suits your needs at your Avco New Idea dealer.
