

This dairy farm, near Churchtown, sits peacefully during it's day of rest.

Lancaster Farming photo by Joan Liesau.

Figure it for yourself.
**You keep milk production up
 and feed costs down
 with our dairy pre-mixes.**

Wouldn't you like to put some of that money you spend on commercial protein supplements in your own pocket?

That's the goal behind an alfalfa, grain and Vigortone Dairy Pre-Mix feeding program. It helps you take maximum advantage of the protein and energy already in your home-grown feedstuffs.

And legume roughage is a good source of protein; but it's low in phosphorus and other nutrients so important to the needs of all dairy cows.

That's where Vigortone Dairy Pre-Mixes help. These potent pre-mixes are specially formulated for the feeds grown on your farm and contain the proper amount of phosphorus to balance the calcium content of your legume roughages

Vigortone Dairy Pre-Mixes also furnish the minerals, vitamins and other nutrients so important to good nutrition and better milk production. Special ingredients promote proper digestion and assimilation of rations, so your cows benefit more from less feed.

Your Vigortone Dealer can help you figure the energy and protein supplied by your own grain and roughage. You'll know from the start how much, if any, additional protein you'll need.

Now is the time to compare. See your Vigortone Dealer soon. He's ready to compare the performance of Vigortone's cost-saving dairy feeding programs with any other you name.
