IMPROVING!**

W-36

**Our birds lay
tough-shelled
eggs and we're
proud of it.**

Our birds lay tough-shelled eggs and we're proud of it. We know the handling and transportation requirements of today's market demand quality egg shell strength. We breed extra shell quality into every HY-LINE® Variety Hen. Our tough eggs rarely crack a smile. Our layers have low feed conversion, high fast peak and a long hardy production rate. It's in every bird we sell . . . you can't do better. We'll prove it. Call us.

Procedures Are Certified And Approved
By The Penna. Dept. of Agriculture
And The U.S. Dept. of Agriculture.
