Volumatic[®] III silage distributor-unloader by JAMESWAY[®]

Cold weather performer

Another reason why all ring-drive silo unloaders are not alike: New four-blade chipper wheel easily removes hard-packed or frozen silage from the silo wall. Blades can be reversed to double their cutting life. Wheel cast of rugged ductile iron to take the daily shock of cutting through stubborn silage.

See us for systems and service that help make the good life better.
