Todd Miller's outstanding three-year-old was the grand champion Holstein on Wednesday during 4-H dairy competition at the Allentown Fair.

SEE US FOR STAGED AUTOMATIC GRAIN DRYERS

Model AB-12B "Temper Dries" to 310 bu per hr.

Model AB-8B "Temper Dries" to 210 bu. per hr.

• ECONOMICAL TO BUY • ECONOMICAL TO OPERATE • ECONOMICAL TO MAINTAIN

The popular AB series of Farm Fans grain dryers gives you a choice of four great models, with drying capacities that range from 210 to 750 bushels per hour. The AB 8B, the AB 12B, the AB-350A and the AB-500A all are fully automatic, rugged, versatile and mobile. All four dryers are engineered for operating efficiency. Their low initial cost saves you money at the time of purchase, their efficient operation keeps on saving you money.

All four models feature fully automatic operation for staged

drying, giving you reliable control of all functions — loading, drying, cooling and unloading.

"Temper Dry" is the exclusive name that Farm Fans gives its unique method of drying grain. The correct degree of cycled heat is matched with a proper volume of controlled air flow through the grain, tempering it to the desired moisture content. Result: brighter colored, high quality grain that brings you maximum test weight for top prices at the elevator.
