Can you afford to pass up as much as \$7500 extra in tax deductions this year?

If you're self-employed, and don't have a Keogh retirement plan, you're missing a tax deduction of up to 15% of your income (\$7500 maximum)

Can you afford to pay those extra taxes? Can you afford not to use pre-tax dollars to save for your retirement years? (You pay no taxes on contributions or earnings until money is withdrawn at retirement—when you're almost sure to benefit from higher exemptions and a lower tax bracket)

An IDS Representative can show you how to take advantage of this highly rewarding deduction for this calendar year. But you must act before December 31, so find out more today.
