

SEE WHAT'S NEW FOR 1980 FROM JOHN DEERE

Simply tough disks

Now level disking is quick and easy...just turn one crank to fine-tune fore/aft leveling adjustments

Leave your wrenches in the tractor. New drawn Level-Action™ Disks now have a simple crank adjustment. Eliminate a center ridge or valley by rotating this crank. A decal by the crank shows even inexperienced help how to make the only adjustment needed in most fields.

There are more improvements, too. New bearings on 200 and 300 Series Disks have a 2-year replacement warranty. Exclusive Dura-Flex™ bearings have 4-lip seals that lock in grease and block out dirt.

See us for new John Deere Disks in widths and weights that match your needs.

The Powr-Mizer Forage Harvesters — the capacity you've wanted with the horsepower you already have

Squeeze extra work out of your tractor with the power-stingy 3940 and 3960 Forage Harvesters. Power-efficient features start with the 36- or 48-knife Dura-Drum™ cutterheads. These extra knives shear your crop into a fine-cut, uniform forage. And you can keep the knives cutting at peak performance with the quick-adjust stationary knife. Easy-access design lets you save your back and your temper, since there's no stooping and no shield removal. It only takes a wrench and less than 3 minutes to get an accurate adjustment.

Power efficiency continues with a special 2-speed blower. One speed lets you power through tough crops, like haylage, while the slower setting conserves energy on easy-to-blow crops.

Come by and see all the Powr-Mizer features on the 3940 and 3960 Forage Harvesters.

NEW PROFILES OF PERFORMANCE

More traction, more pull power with new front-wheel drive option on John Deere 40-, 50- and 80-hp Tractors

Now John Deere 2040, 2240 and 2940 Tractors offer mechanical front-wheel drive to boost pulling performance in slick or soft conditions. You get excellent front-axle clearance, fingertip control of on-the-go engagement and disengagement, and a limited-slip front differential. Optional front-wheel drive is packaged with a new synchronized 8-speed transmission on 40- and 50-hp models. On the 80-hp 2940 you get the synchronized transmission plus hydraulic Hi-Lo for 16 speeds, standard, front-wheel drive is optional. Stop in soon for the complete list of new features on these new tractors and the new front-wheel-drive option.

CONSUMER PRODUCTS EQUIPMENT

John Deere is the official supplier of snowmobiles to the 1980 Olympic Winter Games.
