

Why should you care about what we've been doing the last thirty years?

Because you may need us for the next thirty.

Your feed storage system may be the most important investment on your farm, because you'll be depending on it for many years to come. The last thing you need is an expensive storage system with no parts, no service and no one to call if something goes wrong.

This is why it is important to know A.O. Smith Harvestore Products, Inc., is a stable, long-established company that has been constantly improving its product line for thirty years. Harvestore® system dealers offer you full-time, factory-trained service crews and a rolling stock of parts to make quick repairs — any hour of the day — any day of the week.

The Harvestore system. It's backed by the service you need to keep it working right.
