5 - Gauge For Farrowing Crates and Nurseries - 3 - Gauge For Breeding, Gestation & Finishing

Actual Wire Diameters

	
	
.207 dia. 5-Gauge	.250 dia. 3-Gauge

Putting Your Hogs On Tender-Care® Means More Profit For You!

We were the first in the U.S. to offer woven wire flooring, and we're still the leader. Others may sell woven wire at attractive low prices, but compare carefully...because they use a lighter gauge wire that isn't heavily galvanized like Farmcraft Tender-Care®. The considerably longer service life of Tender-Care® means that it costs you less in the long run.

MORE PIGS TO MARKET

Woven wire flooring means healthier hogs and piglets (more survive to full growth). The reason is easy to understand. Tender-Care® STAYS DRIER

BECAUSE THERE ARE NO HORIZONTAL FLAT SURFACES WHERE MOISTURE CAN COLLECT. Less stress on pigs of all ages. Hundreds of hog producers have found that woven wire flooring makes 3-week weaning a reality, and woven wire in double deck units is the preferred flooring. The drier atmosphere also means less heating and ventilating costs.

Woven wire is kinder to feet and legs than slats, minimizing abrasions and sores. Less maintenance and labor, because manure passes through more easily.

DP Delphi Products Co.

SERVING THE LIVESTOCK INDUSTRY SINCE 1950

FARMER BOY PRODUCTS IS YOUR COMPLETE DEALER HANDLING THE FOLLOWING EQUIPMENT

AIR SYSTEMS & FEED SYSTEMS

FARMER BOY EQUIPMENT:
