

...the more you need the High Performance Energy of High Octane Rations.

THE REPORT OF THE PROPERTY OF

The earlier you wean your pigs...

Purina High Octane Baby Pig Chow and High Octane Pig Startena will show you the genetic potential of your pigs.

The high nutrient density in these rations accelerate growth so that even early weaned pigs reach 50 lbs. in 9 weeks or less...

Give High Octane Rations a chance to produce more pounds of pork on less feed.
