

# WHAT'S NEW

## Front wheel drive option

A new mechanical front-wheel-drive option has been announced by John Deere for its 40-, 50- and 80-hp tractors. Deere says it is just one of many new engineering improvements, new standard features, and new options being introduced on the 40- through 80-hp line.

Availability of mechanical front-wheel drive for tractors of this size will be welcome news to farmers in this area. Tractors under 100 horsepower get used a lot in slippery conditions, on soft, worked fields, and to climb around on sloping pastures and hayfields. Places where it's easy to lose traction and front-wheel steering control. John Deere 40-, 50- and 80-hp tractors equipped with the front-wheel-drive option solve both problems.

In conditions where there'll be a lot of rear-wheel slippage, a tractor with mechanical front-wheel drive will rival the pulling power of a 2-wheel-drive tractor with 20 percent higher rated horsepower.

## Sugar-free cookbook

When the saccharin scare came about, Addie Gonsorowski decided to start doing something about it.

The result of her efforts developed into a cookbook with over 80 percent of the recipes completely without artificial sweeteners... Only a few recipes such as jelly, ice cream and some others contain any sweeteners.

The "Sugarless Cookbook" contains 100 pages. The price is \$4.95 plus 70 cents postage & mailing from: Addie's Recipe Box, Drawer 5426-NR, Eugene, Oregon 97405.

Specifications provided by John Deere on the new front-wheel-drive option indicate the unit is equipped with on-the-go, push-button control of engagement/disengagement, with a limited-slip front differential, and with power steering. When 40- and 50-hp models are or-

dered with front-wheel drive, they are equipped with an 8-speed TSS transmission. The 80-hp model includes the TSS transmission with a hydraulic Hi-Lo shift to provide 16 speeds as standard equipment, with or without the front-wheel-drive option.

The Agricultural Chemicals Division of Mobay Chemicals Corporation has developed a free Pest Control Guide for corn, alfalfa and clover growers. The colorful brochures include a chart listing soil and foliar insects which attack the crops, and describes the stage of the growth cycle when each pest can inflict economic damage.

The pest control guide provides a complete list of the Mobay insecticides, nematocides and bird repellents currently registered for use, and offers easy-to-follow recommendations for the use and

A recent report to the American Meat Institute says electrical stimulation of freshly-slaughtered beef carcasses can increase tenderness about 20 percent.

application of each product. For a free copy, write: Corn Pest Control Guide, Mobay Chemical Corporation, Agricultural Chemicals Division, Box 4913, Kansas City, Missouri 64120.

# MEET OUR CHROMALLOY FARM SYSTEMS DEALERS

They're in business to make things better for dairy and livestock men.

These dealers knew a better idea when they saw it. That's why they became the Chromalloy Farm System's dealers in their area.

The Chromalloy Farm Systems dealership gives them what dairy and livestock men need...virtually everything that's required to store, process and feed out silage, haylage, and high-moisture grain.

**Genuine Madison Structures:**  
America's overwhelming choice for 65 years Madison Silos for corn silage, plus bottom-unloading, controlled-atmosphere Nutri-Matic and Grain-O-Matic structures for top-quality haylage and high-moisture grain

A System of Choice can save you \$30 000 or more compared with glass-fused-to-steel structures

**Starline Unloaders:**  
Sizes and models for every size silo, and everything you put in them

Star-Trac the ring-drive unloader that gives you all 14 features you've always wanted

**Feedlot equipment**  
Automate your feeding with Chromalloy Farm Systems conveyors, shuttle stroke feeders, and belt feeders. Manure handling equipment, too

**Financial help**  
A good financing package, including deferred lease arrangements which can help preserve your working capital and improve your cash flow

Your time is valuable. Save hours every day with an automated feeding system. Push-button easy

Free farmstead planning service helps you reach your goals in easy, affordable steps

**Layouts, Installation & Service:**  
Whatever your Chromalloy Farm Systems set-up, you have just one man to call for service, advice, and warranty back up

Can they make things better for you? Just call and find out. We'll give you a sensible system, and at a sensible price that will make you and your banker smile

## Magic-Ray HEATERS

TERRAMYCIN AND AUERO-S-700
