AMERICAN® SURE-FOOT® PLASTISOL COATED EXPANDED STEEL FLOORS

This flooring is a must for the progressive pig producer. Here's why:

- **LONG LIFE!** Tough Plastisol coating is oven-cured to give a permanent bond on durable expanded steel mesh Sure-Foot® Flooring assures maximum wearability and high acid resistance
- **GOOD FOOTING!** Floor design makes sow and piglets more sure-footed on Sure-Foot® Floors
- **DISEASE PROTECTION!** Pigs stay cleaner and drier on Sure-Foot® Floors — thus reducing harmful bacterial buildup
- **QUIET!** Plastic coated flooring is the quietest flooring on the market — helps prevent stress that costs you money
- **SMOOTH SURFACE!** Mocha brown non porous coating helps prevent sore knees and leg abrasions. Color facilitates easy detection of scours
- **FLEXIBILITY IN SIZE!** Sure-Foot® Flooring is available in three mesh sizes to accommodate farrowing, nursery and finishing. Available in 5'x7' and 4'x8'
