

NOTICE

UNITED STATES DEPARTMENT OF AGRICULTURE SOIL CONSERVATION SERVICE CHICKIES CREEK WATERSHED, PENNSYLVANIA. Notice of Intent to Prepare an Environmental Impact Statement. Pursuant to Section 102 (2) (c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Regulations (40 CFR Part 1500-1508); and the Soil Conservation Service Rule (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is being prepared for the Chickies Creek Watershed, Lancaster and Lebanon Counties, Pennsylvania. This action may involve the use of new innovative nonstructural items such as repositioning, floodproofing or acquiring properties within the 100-year flood plain. Also, a flood warning system may be installed and an accelerated conservation land treatment program may be included. Mr. Graham T. Munkittrick, State Conservationist, therefore determined that the preparation and review of an environmental impact statement is needed for this Federally-assisted action. The action concerns a plan for watershed protection and flood prevention. Alternatives under consideration to reach these objectives include systems for conservation land treatment, nonstructural measures, impoundments, channel improvements and diking. A draft environmental impact statement will be prepared for the entire project and circulated for review by agencies and the public. The Soil Conservation Service invites the participation and consultation of all agencies and persons with special expertise, legal jurisdiction, or interest to assist in the proposed action.

A public meeting was held in the watershed on December 6, 1979, which described the alternatives and various levels of developing the proposed nonstructural action. The sponsors of the project met with the Soil Conservation Service on January 17, 1980, concerning the scope of the evaluation of the proposed action and their participation in the project.

Further information on the proposed action or preparation of the environmental impact statement may be obtained from Mr. Graham T. Munkittrick, State Conservationist, Soil Conservation Service, Federal Building and U.S. Courthouse, 228 Walnut Street, Harrisburg, Pennsylvania 17108, telephone number (717) 782-2202. Graham T. Munkittrick State Conservationist. (Catalog of Federal Domestic Assistance Program No. 10.904, Watershed Protection and Flood Prevention Program - Public Law 83-566, 16 U.S.C. 1001-1008.)
