## For Liquid Manure Storage.

Unique construction methods mean Lipp builds unique manure tanks—in fact, the strongest tank on the market today

We roll our tanks upward on location from coils of steel and seal the coil edges with a unique double fold lock seam. The result is a boltless, smooth inner wall tank in 12 to 90 foot diameters and up to 900,000 gallon capacities. Interiors can be epoxy or Black Klad with aluminized or galvanized exteriors. And construction is quick.

We're Lipp. We're different and we're better. Storage is our specialty. Call or write today and get more details on the strongest manure tank available.
