

Junior Cooking Edition

(Continued from Page C10)

STAINED GLASS WINDOW COOKIES

- 1 stick of butter
- 1 12-ounce package chocolate chips
- 1 cup chopped nuts
- 1 pound miniature colored marshmallows
- ½ cup coconut

Melt chocolate and butter in a heavy saucepan over low heat. Stir until chocolate is melted. Add marshmallows and nuts and mix well. Divide into thirds and place in a mound on wax paper. Form into log shape and roll in coconut. Wrap in foil and chill in refrigerator over night. Slice in ¼ inch pieces. Makes 3 to 4 dozen. Keep refrigerated until serving.

Brenda Oaks, Age 16, Clearspring, Md.

LEMON SPONGE PIE

- 1 cup sugar
- 3 tablespoons flour
- 3 tablespoons lemon juice
- 2 egg yolks
- 2 egg whites
- 1 tablespoon melted butter
- ¼ teaspoon salt
- 1 cup milk
- 1 unbaked pie shell

Mix sugar, flour, lemon juice and egg yolks. Add all other ingredients. Fold in stiffly beaten egg whites. Bake at 450° F. for 10 minutes. Lower oven temperature to 375° F. until pie is firm across the top.

Michael Johnson, Age 5, Montgomery

HOMEMADE BUTTER

Skim milk. Refrigerate cream for 3 to 5 days. Pour about 5 cups into a 6 cup blender container and blend for 4 minutes or until butter lumps rise to the top when you stop the blender. Drain buttermilk off by straining (preferably in a plastic strainer). Put into a bowl, add about ½ teaspoon salt, and press out remaining buttermilk with the back of a teaspoon. This is excellent for shortening in cookies or to use when making brown butter for a deliciously different flavor.

Wanda Martin, Age 15, Lititz

APPLE GOODIE

- 1 cup sugar
- 2 tablespoons flour
- pinch of salt
- 1 teaspoon cinnamon
- ½ quart of apples, sliced

- Topping:
- 1 cup oatmeal
 - 1 cup brown sugar
 - 1 cup flour
 - ¼ teaspoon soda
 - ½ teaspoon baking powder
 - ¾ cup butter

Mix sugar, flour, salt and cinnamon. Add to the apples and mix. Put on the bottom of a greased pan. Mix the ingredients for the top part until crumbly. Place topping over the apples and pat down firmly. Bake at 350° F. until brown and a crust is formed. Serve warm with milk or cream.

Barbara Stoltzius, Age 7, Conestoga

CARROT COOKIES

- ½ cup shortening
- 1 cup brown sugar
- ½ cup granulated sugar
- 1 egg
- 1 cup cooked carrots, mashed and cooled
- 2 cups flour
- ½ teaspoon baking powder
- ¾ cup raisins
- 1 teaspoon vanilla
- pinch of salt

Cream shortening and sugar together. Add vanilla, egg, carrots and the remaining ingredients, adding the raisins last. Drop on a cookie sheet and bake at 375° F. until lightly browned.

Lizzie J. Kinsinger, Age 11, Meyersdale

APPLE COFFEE CAKE

- 2 eggs, beaten
- 4 cups raw diced apples
- 2 cups sugar
- ½ cup oil
- dash of salt
- 2 teaspoons soda

- 2 teaspoons vanilla
- 2 teaspoon cinnamon
- 2 cups flour
- 1 cup nuts

Combine all ingredients. Blend well. Do not overbeat. Bake at 350° F. for 45 minutes.

Minnie Wenger, Age 11, East Earl

SILAGE AND FEED CARTS

34" Wide, 62" Long,
53" high, capacity (to feed
35 to 40 Cows)
16" Ball Bearing wheels
For very easy handling

28" wide, 60" long,
35" high, capacity 600 lbs
Choice of 10" pneumatic
or semi-pneumatic wheels

Many Other Sizes Available

We Also Manufacture Swivel Casters for
16", 12" and 10" wheels

POWER SIZES FOR ANY JOB!

Take the strain from lawn and garden chores with a John Deere Tractor

John Deere Lawn and Garden Tractors are "human engineered" for your comfort and safety. All feature adjustable padded seat, roomy operator's area, 2-position footrests, and a fully enclosed engine for quieter operation. Triple safety starting to guard against accidental starts. Easy-to-use color-coded controls. Built-in headlights. And a switch that automatically shuts off the engine if you leave the seat with the PTO engaged.

The 200 Series offers three power sizes — 10-, 12-, and 14 hp. All have 4 speed transaxles and variable-speed drive that lets you slow down or speed up within each gear without clutching or reducing the working speed of power operated implements.

Mechanical lift is standard, with electric lift or hydraulic lift available as options.

The 300 Series — Versatile and Dependable. The 314 has a 14-hp engine, the 317, a 17 hp twin-cylinder engine. Both have super-smooth hydrostatic drive for an infinite number of travel speeds — ½ to 6½ mph. The 314 has single-function hydraulics, the 317, dual-function hydraulics.

The 199-hp 400 is our most powerful lawn and garden tractor. It has a twin cylinder engine, two speed rear axle and super-smooth hydrostatic drive. Power steering provides superb maneuverability in tight areas. Triple function hydraulics handle a wide range of front, mid and rear mounted implements.

Stable by any standard

Olympic series telescopic conversion
hoists by Omaha Standard

We believe Omaha Standard's name on a telescopic conversion hoist means a tough piece of equipment that'll outlast the truck. We set out to prove that. Omaha Standard tested the Olympic hoist with an off-center load suspended out from and completely off the platform with one cylinder disconnected! This test produced an offset load equal to 500,000 in./lbs. of torque—the equivalent of suspending over three tons out 80" from the centerline of the truck and body.

Here you see it...great torsional stability!

Body twist was negligible. The stability shown by the Olympic was excellent. We believe that the off-center load test demonstrates what many truck owners have known all along: Omaha Standard's Olympic Series, twin telescopic conversion hoists are the finest available on the market today.

An Omaha Standard body matched with the right Olympic hoist—it's a tough combination for all your hauling.
