

# Here's summary of 1979 land transfer figures

Property Sales for 1979 of tracts 10 acres or larger (sales of \$100 not included)

The map and figures show value of Lancaster County land transfers of 10 acres or more in 1979. Top figure is the number of acres sold in each township. First dollar figure is the minimum prices paid per acre; second, the maximum; third, the average. It is important to note that of 10,000 transfers in the County,

only about 300 were for parcels over 10 acres. Also to be remembered is the fact many of the lower prices are due to family transfers which tend to skew the averages.

## graves HOW TO MOVE ROUND BALES!

3 Point Base with Forks.

### 3-POINT BASE WITH FORKS

Bale Forks and 3 Point Base are designed to handle bales that are flat on bottom from prolonged storage, as well as new bales without difficulty 3 Point Base fits on category II and will accommodate both forks and spike and will fit Hi-Lift or Bale Transport

Bale Forks have a tapered wedging action to enable operator to load or unload without loss of hay or damage to the bales that no longer have twine on them. Bale Forks are recommended for transportation or movement of bales that no longer have twine on them

### VERSATILE (Same 3 pt Base)

Hi-Lift with 3 Point Base and Spike or Forks.

Bale Transport with 3 Point Base with Forks

## SPEEDWAGON

Non-Stop Loading

The Graves Speedwagon offers you the ultimate in hay handling from the comfort of your pickup cab. Its gentle handling of bales and highway speed capability allows you to move large quantities of bales long distances very economically.
