princess; and Mary Lou Parry, Area 7, also took part in the dairy event as the leadmen for the two cows. Virginia, 19, is the daughter of Mr. and Mrs. William Powell, Union Bridge; and Mary Lou is 18 and the daughter of Mr. and Mrs. Edward Ferry, Centerville.

As part of the dairy promotion, the Order 4 Agency handed out thousands of cartons of white and chocolate milk, and Orioles pennants, emblazoned with the "Milk's The One" theme.

Although the 7:30 p.m. game got off to a slow start, action picked up by the fourth inning with the Orioles ahead. It was tied up by the ninth and finally stretched on into the twelfth inning before the White Sox batted in a final run, whipping the Orioles milk-off champs by a score of 5-4.

Dave Baker of the Order 4 Advertising and Promotion Agency made the final weigh-in and it was official....the Birds had won!

FARMERS:

Now Is The Time To Topdress Wheat, Barley, Rye With 30% Nitrogen Solution or Liquid Blend Fertilizer

Also Seed Corn & Soybeans Available. Soil Conditioner Can Be Added To Nitrogen or Liquid Fertilizer.

ASK US ABOUT IT.

Since SOIL CONDITIONER improves soil texture and water penetration, root development also improves. Root growth goes deeper into the subsoil for stored moisture and minerals. Roots produce more fine roots and root hairs, which allows roots more places to take up nutrients in the soil.

The now available nutrients in the soil are due in part to increased soil life. Because SOIL CONDITIONER has helped to cause an increase in soil life, there are now more available nutrients in the soil. Let SOIL CONDITIONER LEND "a helping hand" in your soil and water management.

Fed's farm credit action applauded

ST. LOUIS, Mo. — The Federal Reserve Board's decision to extend additional credit to farmers in a positive step towards reducing the current financial crunch in the farm community, says American Soybean Association President Allen Aves.

"I'm glad to see someone in Washington respond to the needs of farmers," says Aves, who, along with other farm leaders, met last week with Fed Chairman Paul A. Volcker. "We certainly agree with the need to reduce inflation. At the same time, we're happy that the Federal Reserve Board has recognized that agriculture is the most productive

segment of the U.S. to small business and agriculture. Aves said the loans, with interest ranging from 15 to 17 percent, would help provide funds so farmers could plant crops this spring.
