DURABLE ATTRACTIVE FARM BUILDINGS

BUILT WITH

FABRAL CORPORATION METAL ROOFING AND SIDING

Fabral roofing and siding panels are custom-cut to length according to job specifications. This saves on material, erection time and labor costs. Most panels can be overlapped in segments of 6" or 8" to minimize longitudinal cutting. Fabral panels are available painted or in natural galvanized steel or aluminum. Painted panels have a baked on finish that is weather resistant and one that will retain its original beauty for years.
