### THE TRIMMER THAT STARTED IT ALL, IS STARTING IT ALL OVER AGAIN. INTRODUCING THE WEED EATER® XR-50™

When Weed Eater® trimmers were introduced, they started a whole new era in lawn care. Now, we're starting another era in lawn trimming with the powerful, new Weed Eater® XR 50 gasoline-powered trimmer. The sleek, compact exterior of the XR-50 houses a totally new, lightweight, 26 2cc 2 cycle engine for effortless trimming. Solid state ignition for more dependable starts. Precise balance for easy handling. And a shaft that can be repositioned with a simple twist. So the whole trimmer doesn't have to be turned sideways to edge walks and driveways.

The Tap-N-Go™ cutting head feeds out new cutting line when you tap the trimmer on the ground. And since the XR-50 is gas powered, there's no extension cord. So it trims and edges places electricians can't. This year, a lot of new trimmers will be on the market. But only one that's starting a whole new era in lawn care. The new Weed Eater® XR-50™ trimmer. Another reason why if it doesn't say Weed Eater®, it's just another trimmer.

### THE NEW WEED EATER® XR-50

- Powerful, new 26 2 cc 2-cycle engine
- Lightweight
- Trims and edges
- Solid state ignition
- Tap-N-Go™ line advance
